Tata Harrier — Structured Vehicle Knowledge Base

RAG-ready reference derived from the uploaded Tata Harrier brochure

Purpose

A retrieval-oriented version of the brochure for semantic search, chunking and question answering. Variant, powertrain, transmission and edition restrictions are retained because showcased equipment is not available across every Harrier configuration.

15. Retrieval Guidance

Priority order: page-20 technical specifications/disclaimers → persona tables on pages 18–19 → detailed feature pages → general marketing descriptions.

Filter before similarity search: persona, fuel, transmission and edition should be hard metadata filters whenever specified.

Avoid feature leakage: Do not attribute a premium-persona feature to every Harrier. Check persona, edition and transmission conditions first.

Answer pattern: Direct answer → applicable persona/powertrain → concise explanation → brochure page reference.
